WOOD VENEER FRAME / TABLE

Because of its beauty, elegance, functionality, sturdiness, wood is an all the time preference as furniture material and it is easy blend with any theme and style.

Wood is a natural and heterogeneous material therefore end products will ever have the exact same appearance, will have its very own and unique texture.

* Actual size of the printed area is 200x133 mm.

* Size of the section view 64x60 mm.

SOFT TOUCH LAMINATES

TOP / TABLE

A distinctive surface treatment on our soft touch laminates' decorative layer gives a silky and smooth tactile user experience. Its high resistance to micro-scratches and abrasion helps avoiding surface distortions and gives a lasting impression.

In the event of a light scratch, the surface can be cleaned with a soft cloth to get it back to its original form. It is extremely matt and near to zero gloss with intensive light absorbance and homogeneous color dispersion.
